

ALI ELZOHEIRY

Engineering Manager

ABOUT

A curious problem seeker with 8+ years of professional software engineering, management and leadership experience.

EXPERIENCE

ENGINEERING MANAGER

[eBay](#) | May 2022 - Present

- Transitioned to engineering management within my same domain to take on a new challenge.
- Managed a cross-functional team of 6 developers (iOS, Android, Backend, Frontend).
- Grew the team from 6 to 10 engineers.

FRONTEND CHAPTER LEAD

[eBay](#) | May 2021 - May 2022 (1y)

Core tech stack: React, NodeJs + Express, Jest, Webpack

- Lead a team of 16+ frontend developers across multiple domains.
- Organized the frontend innovation days where the entire chapter met bi-weekly to find innovative ways to improve the platform.
- Organized knowledge sharing sessions to promote learning from and teaching each other.

SENIOR FRONTEND DEVELOPER

[eBay](#) | Aug 2019 - May 2021 (1y 9m)

Core tech stack: React, NodeJs + Express, Jest, Webpack

- As part of a growth team, developed growth experiments from problem to solution, following growth hack techniques that helped bring in thousands of weekly active users.
- Lead a tech powered initiative that brings in 100k extra users per month through configurable landing pages
- Worked on core platform services such as messaging, payments and shipping.

SENIOR FRONTEND DEVELOPER

[fashionTrade](#) | Dec 2017 - Jul 2019 (1y 7m)

Core tech stack: React, Redux, Styled components, Jest, Cypress, Webpack

- Lead an initiative to build an open source React component library and style guide called Wardrobe.
- Built a scalable email templates library that supports multiple languages and environments.
- Involved not only in the development team but also in sales, design, and product.
